MEDICAL BIOLOGY Vol. 56, 1978

(In continuation of Annales Medicinae Experimentalis et Biologiae Fenniae)

INDEX

NUMBER 1

Congress digest

T. Hovi (Helsinki)

Defective defences. (INBORN ERRORS OF IMMUNITY AND PHAGOCYTOSIS, THE 15TH S.S.I.E.M. MEETING) 1

Original reports

W. C. Kruckeberg and G. J. Brewer (Ann Arbor, Michigan)

The mechanism and control of human erythrocyte zinc uptake. (CATION INFLUX/EFFLUX/ BINDING PROTEIN/PLASMA ALBUMIN) 5

K. Pietilä and T. Nikkari (Tampere)

Effect of phase of growth and hyperlipidemic serum on the synthesis of collagen in rabbit aortic smooth muscle cells in culture. (PROLINE LABELLING/LIPID ACCUMULATION) 11

J. Meretoja, T. Hollmén, T. Meretoja and R. Penttinen (Helsinki and Turku)

Partial characterization of amyloid proteins in inherited amyloidosis with lattice corneal dystrophy and in secondary amyloidosis. (GEL FILTRATION/ GEL ELECTROPHORESIS) 17

L. Olson, Å. Seiger and M. Ålund (Stockholm)

Locus coeruleus fibre growth in oculo induced by trigeminotomy. (RAT/ DENERVATION/IRIS/NORADRENALINE) 23

R. M. Nottage, G. J. Syme and L. A. Syme (Perth)

Effect of lithium on voluntary alcohol consumption by low and high preference mouse strains. (C57/BL MICE/ Balb/c MICE) 28

B. M. Guzikov, A. M. Ugolev, V. G. Kassil and I. A. Sytinsky (Leningrad)

A model of chronic alcohol intake under free-choice conditions. (ALCOHOL PREFERENCE) 32

M. E. Hillbom and H. Wallgren (Helsinki)

Role of gastric emptying on ethanol poisoning in rats. (GLUCOSE/PROPANTHELINE/PYRITHIOXINE/METHYLENE BLUE) 37

NUMBER 2

Symposium on Information Transfer in the Visual System

Preface 43

R. Granit (Stockholm)

The significance of antidromic potentiation and induced activity in the retina. (Y-CELLS/DOMINATORS/LUMINANCE CHANNELS) 44

K. O. Donner and S. Hemilä (Helsinki)

Excitation and adaptation in the vertebrate rod photoreceptor. (RHODOPSIN/TRANSMITTER FACTOR/PHOTOPRODUCTS) 52

M. Järvilehto (Oulu)

Processing of visual information in the insect retina. (FLY, VISION/ELECTROPHYSIOLOGY/NEURAL ANALYSERS/VISUAL PATHWAYS) 64

A.-C. Bäckström, S. Hemilä and T. Reuter (Helsinki)

Directional selectivity and colour coding in the frog retina. (NEURAL ANALYSERS/VISUAL PATHWAYS) 72

V. Virsu (Helsinki)

Retinal mechanisms of visual adaptation and afterimages. (DARK ADAPTATION/LIGHT ADAPTATION) 84

J. Rovamo (Helsinki)

Receptive field density of retinal ganglion cells and cortical magnification factor in man. (OCULAR-DOMINANCE COLUMNS) 97

J. Hyvärinen, L. Hyvärinen, M. Färkkilä, S. Carlson and L. Leinonen (Helsinki)

Modification of visual functions of the parietal lobe at early age in the monkey. (VISUAL DEPRIVATION/MICROELECTRODE RECORDING) 103

P. Lehtiö and T. Kohonen (Helsinki)

Associative memory and pattern recognition. (NEURAL NETWORKS/ADAPTIVE CHANGES/SYNAPTIC EFFICACY) 110

NUMBER 3

Review article

J. F. Surowiak (Kraków)

Circadian rhythms. (DIURNAL RHYTHM/UNICELLULAR CLOCKS/MAMMALIAN CLOCK) 117

Original reports

Z. S. Herman and K. Kmieciak-Kolada (Zabrze)

Effects of dibutyryl cyclic GMP on the content of biogenic amines in discrete areas of brain and on the behaviour of rats 128

T. Ott, G. Grecksch and H. Matthies (Magdeburg)

Retention improvement by topical application of uridine monophosphate into different brain areas. (RNA-PRECURSORS/CONSOLIDATION) 133

I. Hilakivi, J. Mäkelä, A. Leppävuori and P. T. S. Putkonen (Helsinki)

Effects of two adrenergic β-receptor blockers on the sleep cycle of the cat. (POLYGRAPHIC RECORDINGS/PROPRANOLOL/PINDOLOL) 138

P. Ryhänen, H. Karppanen, E. Yrjänheikki and A. Hollmén (Oulu)

Lack of effect of halothane on E, EA, and EAC rosette formation and cyclic AMP level of human lymphocytes 144

J. Krog and M. Wika (Oslo)

Studies on hand blood flow of the Igloolik Eskimo. (PERIPHERAL CIRCULATION/EFFECT OF COLD) 148

P. Anttila and P. Ertama (Helsinki)

Relative potency of some neuromuscular blocking drugs in vivo and in vitro. (MOUSE/RAT/PHRENIC NERVE-DIAPHRAGM) 152

S. M. Gardiner and T. Bennett (Nottingham)

The effect of peripherally administered 6-hydroxydopamine on food and water intake in rats. (INGESTIVE BEHAVIOUR/BLOOD-BRAIN BARRIER) 156

Short communication

P. K. Heinonen and P. Tuohimaa (Tampere)

The effects of 6-hydroxydopamine, atropin and propranolol on avidin synthesis by the chick oviduct. 161

NUMBER 4

H. Vapaatalo and J. Parantainen (Tampere)

Prostaglandins; their biological and pharmagological role. (ENDOPEROXIDES/THROMBOXANES/PROSTACYCLIN) 163

J. Pontén and B. Westermark (Uppsala)

Properties of human malignant glioma cells in vitro. (GLIA CELL/GLIOMA CELL/GLYCOSAMINOGLYKANS/MALIGNANT PHENOTYPE) 184

Original reports

S. Pyrhönen, R. Mäntyjärvi, H. Tykkä, S. Sarna and Th. Tallberg (Helsinki and Kuopio)

BK and herpes simplex virus antibodies in renal cell carcinoma. (COMPLEMENT FIXATION/HAEMAGGLUTINATION INHIBITION/LATENT INFECTION/OBSERVED EXPECTATION OF LIFE) 194

G. D. Bloom, H. F. Helander and P. G. Krüger (Umeå and Bergen)

Mast cells of the Mongolian gerbil (Meriones unquiculatus). Morphology, histamine content and role of calcium in the histamine release process. (CALCIUM/COMPOUND 48/80 /MORPHOMETRY/ ULTRASTRUCTURE) 201

M. Sjöström, R. Lorentzon, S.-E. Larsson and D. Holmlund (Umeå)

The influence of 1,25-dihydroxycholecalciferol on the ultrastructural organization of skeletal muscle fibres. Morphometric analyses on vitamin D deficient or calcium deficient growing rats. (MITOCHONDRION/SARCOPLASMIC RETICULUM/STEREOLOGY) 209

J. Halmekoski, M. J. Mattila and K. K. Mustakallio (Helsinki)

Metabolism and haemolytic effect of dapsone and its metabolites in man. (AZOXY-DAPSONE/INTERSTITIAL FLUID/POLYMORPHIC ACETYLATION) 216

Congress digest

P. Pohjanpelto (Helsinki)

Observations from the 11th meeting of the European tumour virus group, May 1978 222

NUMBER 5

Review articles

O. Jänne, K. Kontula, R. Vihko, P. D. Feil and C. W. Bardin (Oulu, Helsinki and Hersey, Pennsylvania)

Progesterone receptor and regulation of progestin action in mammalian tissues. (BINDING KINETICS/CONTROL OF RECEPTOR LEVEL/ANDROGENS AND ANTIANDROGENS) 225

B. B. Fredholm (Stockholm)

Local regulation of lipolysis in adipose tissue by fatty acids, prostaglandins and adenosine. (CYCLIC AMP/CYCLIC GMP/FREE FATTY ACIDS) 249

E. Shillito Walser (Cambridge)

Some aspects of maternal behaviour in mammals. (LACTATION/WEANING) .. 262

Original reports

N. C. Smith and M. G. Brush (London)

Preparation and characterization of human syncytiotrophoblast plasma membrane. (PLACENTA/MICROVILLI/BIOCHEMISTRY) 272

S. M. Gardiner and T. Bennett (Nottingham)

Factors affecting the development of isolation-induced hypertension in rats. (BODY FLUID BALANCE/SODIUM/POTASSIUM) 277

I. P. Lapin and S. E. Nazarenko (Leningrad)

Comparison of the excitatory and anasthetic effects of ethanol in C57BL/6 and BALB/c mice; relation to blood ethanol concentration. (LOCOMOTION/REARING/RIGHTING REFLEX) 282

Short communication

G. F. Oxenkrug (Leningrad)

1-methyl and 1-benzyl derivatives of tetrahydroisoquinoline inhibit 5-hydroxytryptamine uptake of human blood platelets 286

Congress digest

S. Z. Langer (Paris)

Presynaptic receptors and neurotransmission 288

NUMBER 6

Special issue on Control of Differentiation

L. Saxén (Helsinki)

Two-gradient hypothesis of primary embryonic induction 293

M. Abercrombie and A. A. Turner (Cambridge)

Contact reactions influencing cell locomotion of a mouse sarcoma in culture 299

J. Brachet (Brussels)

The hormonal induction of maturation in Amphibian oocytes 304

M. Doskočil (Prague)

Increase in volume of the chick wing bud at the beginning of its development 310

A. G. Johnen and B. Albers (Cologne)

The differentiation-pattern in dependence of the proportion between inducing and induced cells studied on gastrula-ectoderm of Ambystoma mexicanum 317

E.A. Kaprio and S. Tähkä (Helsinki)

Lack of correlation between mesenchymal cell death and morphogenesis after different extents of apical ectodermal ridge/rim ectoderm removal in the chick embryo wing bud 321

J. Kohonen and J. Paranko (Turku)

Surface topography of isolated gastrula ectoderm of Triturus vulgaris 328

J. W. Lash, M. Ovadia and N. S. Vasan (Philadelphia, Pennsylvania)

Microheterogeneities, non-equivalence, and embryonic induction 333

A. Leikola (Helsinki)

Differentiation of the epiblastic part of chick Hensen's node in coelomic cavity 339

G. V. Lopashov (Moscow)

Developmental approaches to organ restoration 344

W. W. Minuth (Heidelberg)

Mesodermalizing of Amphibian gastrula ectoderm in transfilter experiments 349

O. Nakamura, H. Takasaki and A. Nagata (Osaka)

Further studies of the prospective fates of blastomeres at the 32-cell stage of Xenopus laevis embryos 355

O. Neufang, J. Born, Heinz Tiedemann and Hildegard Tiedemann (Berlin)

A proteoglycan with affinity for the vegetalizing factor: Characterization by density gradient centrifugation 361

P. D. Nieuwkoop and C. J. Weijer (Utrecht)

Neural induction, a two-way process 366

S. Nordling, P. Ekblom, E. Lehtonen, J. Wartiovaara and L. Saxén (Helsinki)

Metabolic inhibitors and kidney tubule induction 372

D. Tarin (London)

Embryonic induction. A review of current information on the mode of signal transmisson and target response 380

B. Thorell, E. Kohen and C. Kohen (Miami, Florida)

Metabolic rates and intercellular transfer of molecules in cultures of human glia and glioma cells 386

J. Wartiovaara, E. Lehtonen and I. Virtanen (Helsinki)

Lectin binding in early mouse embryos 393

L. Weiss (Buffalo, New York)

The retention of circulating Walker-256 cells by Walker-256 tumours 398

Etienne Wolff (Paris)

New trends in the problem of sex differentiation 403
